

# Vivid-1200E

## USB2.0 1200dpi Flatbed Scanner

The Vivid-1200E is designed for convenient use at home, office and school.

With its high resolution of 1,200dpi x 2,400dpi, 48-bit color depth and software interpolation up to 65,535 dpi for superior color, you can get vivid images from a variety of scan jobs. Also, you do not need any experience on how use complex buttons on a scanner, just follow the manual instructions, and the Vivid-1200E will deliver great images and rich black text clearly. For more info on this simple to use scanner, ask your sales rep. for more details.

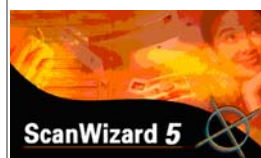

**Powerful ColorRescue Technology**  
restores faded photos back to life
